

DATA SHEET

PRODUCT DESCRIPTION	MONOCLONAL ANTI HUMAN K-LIGHT CHAIN UNCONJUGATED
CATALOG NO.	MAB03SC
HOST	Mouse
ISOTYPE	IgG1, Kappa
CLONE	G4G3-AG5D7
SPECIFICITY	The antibody reacts with human K-light chains.
PURIFICATION METHOD	Protein G purified
PURITY	>95% by SDS PAGE
FORM	Liquid
QTY/PK	100µg
STORAGE BUFFER	PBS pH 7.2
APPLICATIONS NOTES	Elisa, Microarray immunoassay, Western Blotting
STORAGE	Store the product at 4° until opened, aliquot and freeze at -20°C. Avoid repeated freezing and thawing.
USAGE STATEMENT	For research use only
REFERENCE	An antigen microarray immunoassay for multiplex screening of mouse monoclonal antibodies. Cristina M., Nunziangeli L., Giubilei MA., Capuccini B., D'Episcopo L., Mazzoleni G., Baldracchini F., Spaccapelo R., Crisanti A.. Nat Protoc. 2010 Dec;5(12):1932-44. Epub. 2010 Nov 10.
DISCLAIMER	This product is for research use only. If this product does not perform as described please inform us via e-mail isupport@pologgb.com with all the information you can provide, so that we can help you or offer you a replacement of the product.
